Render Judgment In Favor Of City Officials In Merchants Bank Suit

Observations...

By the Editor

The Board of Supervisors last Monday passed an order recommending to the Chancellor of the District, Judge D. M. Russell, the name of Francis Lee, Representative of Hancock County in the Mississippi Legislature for appointment as probation officer in Hancock County. The motion received two favorable votes, Supervisor Kellard and Jones, Supervisor Jack Lott voted Nay, and Supervisors Shaw and Orte refrained from voting. We cannot agree with the recommendation made by the Supervisors. This position should be filled by one trained in the knowledge of supervision of boys, and certainly Mr. Lee does not meet these requirements. This job should not be bartered and sold as political potage. Judge Russell should certainly recognize this fact and refuse to be a party to having his court used as a means of paying a purported political debt. If the Board of Supervisors owe Mr. Lee a political debt they should use other means to pay it but certainly not at the expense of the children of our county, who may stray from the straight and narrow path. Of all the times that these youngsters need sound counseling, both by teaching and example, it is then.

A movement to erect a monument to the memory of the late Forster Commagere, is being started by Mrs. Agnes Wentworth of Bay St. Louis. There was a suggestion from one of our readers in last week's issue, and Mrs. Wentworth called and said she was preparing to start such a movement. The memory of Forster Commagere should be perpetuated in Bay St. Louis. No man has ever lived in our midst who brought more renown to Bay St. Louis, than Forster. He was known nation wide in the training of athletes. The memory of such a stalwart Christian gentleman should be perpetuated for the future generations.

Dick Mestayer and his associates in Gulf Garden Subdivision at Waveland are really going big time with their development. They are surfacing the streets, have their own water supply, and houses are beginning to mushroom in this subdivision. It is one of the best looking sites on the Gulf Coast, and we think these boys have something. It will really lend much to the development of Waveland, which is ever striding forward. We want to congratulate Mr. Mestayer and his associates and we sincerely wish them much success in their enterprise.

We wonder why the Baking companies serving our section fail to realize how advantageous it would be for them to have a local salesman. Only one company has a local man; and we understand one of the salesmen for another company changed jobs a few days ago and several local boys made application for the position. A number of these men would have been well qualified, but the company saw fit to bring someone in from Jackson, Mississippi, to fill this job. Of course, it could properly be said, that it is none of our business; but again we are interested in seeing our local boys get employment, particularly in a field in which they fit, and too, it would probably make the local folks more interested in their products.

Every small city in the State of Mississippi is in bad financial circumstances, and the last legislature realized their position; but, we think, lacked the courage to act. They authorized several larger cities to vote in a city sales tax. Why were the smaller cities omitted from this legislation? A city sales tax may be a solution to the financial problems of municipalities like Bay St. Louis. Certainly, improvements cannot be made if the revenue does not justify it. Time for the boys in the small cities to make themselves heard.

The Rotarians of Bay St. Louis and Pass Christian are going to play a softball game for the benefit of a worthy cause, at the Parker Memorial Field, Pass Christian, Tuesday, October 3rd. The game will start at 8 o'clock.

A judgment in favor of the Mayor and Commission Council of the City of Bay St. Louis, was rendered by L. C. Corban, Circuit Judge in hearing the case of the Merchants Bank and Trust Company of Bay St. Louis versus the present City officials.

The judgment was rendered at the conclusion of taking of the testimony in this matter, sustaining the motion of attorneys for the City officers for a directed verdict.

The petition for a writ of mandamus against Warren J. Carver, Mayor, Sylvan J. Ladner, Jr., and Cyril Glover, Commissioners, and the City of Bay St. Louis was filed by the firm of Cox and Cox, on behalf of the Merchants Bank and Trust Company, February 8, 1950, asking that the court direct the present City officials to reform minutes of the former administration held in October 1948, at which time the Merchants Bank and Trust Company made a loan to the City of Bay St. Louis in the sum of \$7500.00. The resolution authorizing the loan passed by the former mayor and commission council, does not appear on the minutes, and the suit was to compel the defendants, the present mayor and commission council to revise, amend and correct their minutes to show the actual situation surrounding the loan made to the city.

The court by its verdict refused to do this.

The testimony of former Commissioners W. L. Bourgeois, and H. Grady Perkins was introduced by attorneys for the Bank in support of their petition for the writ of mandamus.

R. L. Genin and Dan M. Russell, Jr., represented the City officers and the City of Bay St. Louis.

Car Stolen from Hotel Found On Main Street

A Cadillac, owned by Mrs. Martin of Hattiesburg, was stolen from the Reed hotel Sunday, September 24, during the late hours of the night. Mrs. Martin is the sister of Wilson Moore of Bay St. Louis.

The car was found on Main street Monday morning in front of the Schiro residence by officers Garcia and Saucier and Sheriff B. D. Johnson, where it was abandoned the night before. The front wheel was locked; this was caused when the bumper jack used to raise the front of the automobile broke and the wheel fell, Chief Saucier stated.

Sgt. Norman Bailey and Sgt. Buddy Lee Wiley, who were apprehended at Keesler Field Monday evening, had a flat tire in the fourth block of Main street, he added; when they were told to move on and stop disturbing the peace, they rode on the rim to the second block. The convertible was parked there, and the pair walked to the hotel where they took the Martin car, Saucier said; they drove back to their automobile and started removing the tires.

When the jack fell, they fled and drove to Gulfport on the rim of their car; they abandoned the vehicle there and got a ride to Keesler Field.

Following their apprehension, the soldiers were returned to Bay St. Louis. Enroute, Officers Saucier, Garcia and Egloff, stopped by the 1949 Chevrolet convertible, which was parked on the Gulfport highway and found the broken bumper jack.

Yacht Club Plans Ship Wreck Party

Miss Fifi Hosmer Injured In Mishap

Miss Fifi Hosmer, daughter of Mrs. Sylvan Ladner Sr. of this City, is a patient at the Kings Daughters Hospital as a result of injuries sustained in an automobile accident at about 8:15 Tuesday morning.

Miss Hosmer was driving alone from New Orleans to her home in Covington, Louisiana, when the head-on collision occurred. She injured her foot, back, chest and arm.

The cars collided near the Watson-Williams bridge. The other automobile had three passengers, one of whom was hospitalized.

Dr. Salitich of New Orleans was enroute to Keesler Field, and he brought Miss Hosmer to the hospital here.

The Bay-Waveland Yacht Club will have a grand ball Saturday, November 4, in the form of a "Ship Wreck" party. Those who attend should come dressed as a cannibal, shipwrecked sailor, pirate, fish or what have you.

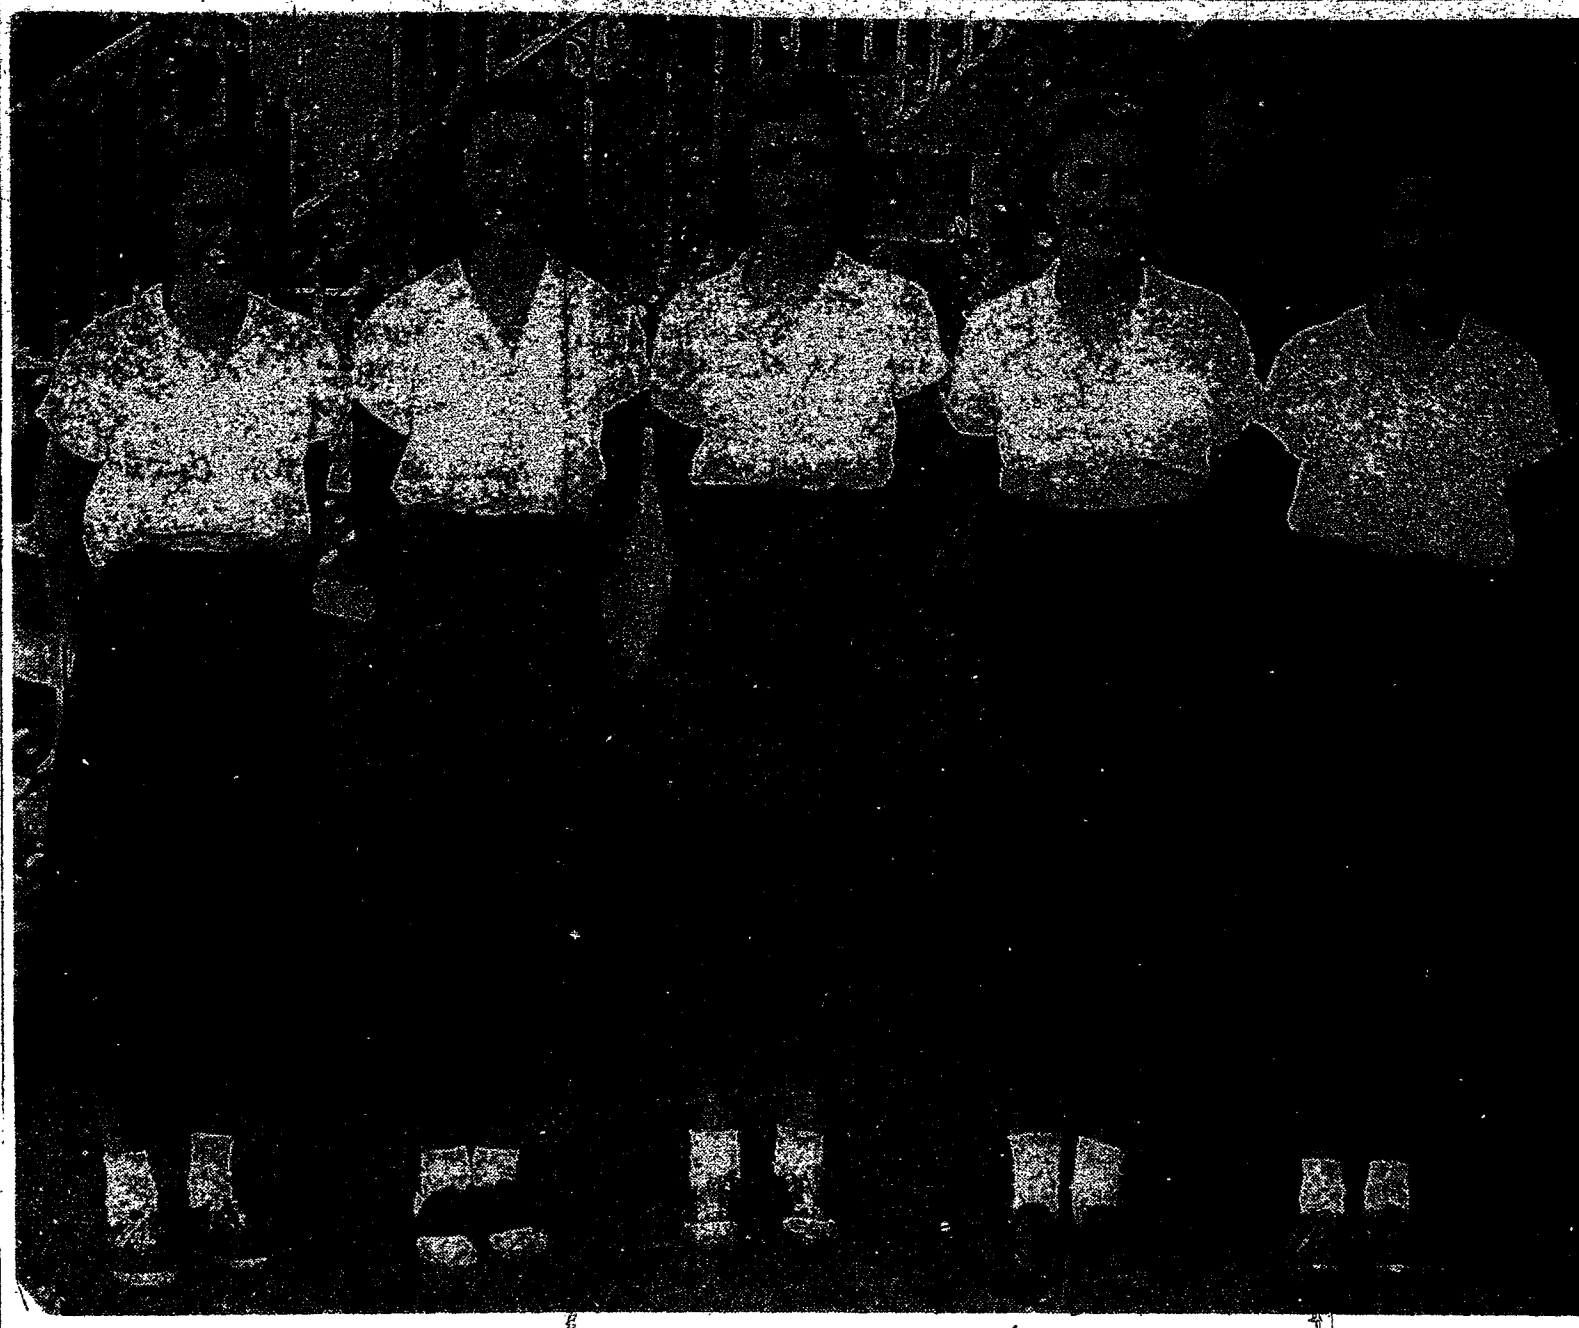

GRAND PRIZE
The grand prize to be awarded at that time will be a cruise for two on a Standard Fruit and Steamship Company line to Havana and Guatemala.

The merchants of Bay St. Louis and friends of the club are donating 50 other valuable awards to be given at the party. Members should look forward to a night of entertainment that will include two dance contests.

This will be the first large event of the fall and winter season, and all members will be advised when the club will start taking reservations for this event.

Remember, keep Saturday night, November 4 open, and start looking forward to a grand time. November 4 is an open date on the football schedules.

Pass Resolution To Declare Emergency In Water System

Miss Geri Martin, third from left, daughter of Mr. and Mrs. Donas Martin of Bay St. Louis, has been selected to reign as Homecoming Queen at St. Stanislaus College, Sunday, October 8. Other members of the court are, left to right, Misses Joanne Blanchard, Jackie Luc, Geri Martin, Carole Mossey, and Suzanne Blanchard. The main attraction of the day will come when the Rock-A-Chaws meet S. J. Peters High of New Orleans at the Stanislaus stadium at 2:15 p. m. The business meeting of the Alumni will be held at 10:30, and plans will be laid for the ensuing year; officers will be elected.

Christ Episcopal Church Service Hours Change

Church services at Christ Episcopal church will be held at different hours beginning October 1, Rev. Charles Johnson, Rector, announced.

Services will be at 7:30 a. m., 9:30 a. m. and 11:00 a. m. The 7:30 a. m. service will be Holy Communion without choir and sermon; at 9:30 the family service will be held—children and parents will worship together. Children through the fifth grade will leave the church building and go to their classes in the Parish house during the singing of the sermon hymn. Those who prefer attending church at 9:30 may continue to do so; the only differences are the Sunday School will attend the worship part of the service, and there will be a junior choir. The 11 a. m. service will be Holy Communion on the first Sunday and morning prayer on the other Sundays with the senior choir and sermon.

On every Wednesday and Holy Day throughout the year, the Holy Communion is celebrated at 10:00 a. m. In addition to the Holy Communion on each Wednesday, Prayers for Peace or a Litany for Peace, is said; and upon request, the name of any person enlisted in the service of the country is individually remembered.

Cars Collide on Highway 90 Bridge

Mrs. F. C. Bordages Dies Fri., Sept. 22

Mrs. Maggie Ellis Bordages, 81, wife of the late F. C. Bordages of this city, died at her home, 118 North Beach, Friday, September 22, at 12:10 a. m. Mrs. Bordages suffered a stroke four months ago.

The daughter of the late Sallie Arnold of Virginia and William Ellis of Raleigh, North Carolina, Mrs. Bordages was born in Gainesville, Alabama, February 11, 1869. She had made her home in Bay St. Louis for the past 57 years.

Her husband taught school in Bay St. Louis, and served as Hancock County Tax Assessor for 41 years.

Her funeral was held from the Fahy Funeral home Saturday, September 23, at 9:45 with religious services conducted at Our Lady of the Gulf Catholic church at 10 a. m. by Rev. Father Patrick Grant. Burial was in the family tomb in St. Mary's cemetery.

Pallbearers were Gerald V. Price Sr., Peter Bordages, Pat Rutherford, Tony Benvenuti, Charles Zerr and Watson J. Johns. Mrs. Bordages leaves two daughters, Miss Daisy Bordages of Bay St. Louis and Mrs. Lucy Bordages Toca of New Orleans; a stepson, E. I. Bordages of El Paso, Texas; and three grandchildren.

Mrs. D. W. Cook, 704 12th street, Pascagoula, Mississippi, and Mrs. Rita Thompson, who lives at the corner of Market and Second streets in Pass Christian were treated at the King's Daughters hospital Sunday for injuries received in an accident at 11:15 that night.

Mrs. Thompson's car stalled on the Highway 90 bridge, this side of the draw, Sunday night; and the Cook car, driven by Charles P. Husband, 19, was headed toward the Pass when he "saw" the car and swerved to miss it. The right front of the automobile tangled with the left rear of the Thompson car.

Mrs. Cook and her children, Mary Nell and Leonard W. Cook, were taken to the hospital and released Monday morning. Mrs. Cook, who suffered severe shock and an injury to her right ankle, remained at the King's Daughters hospital for further treatment.

Mrs. Thompson, who was released Sunday night, suffered an injury to her foot.

Mrs. Bonnice Plebuch, a nurse at the New Orleans Veterans' hospital, arrived on the scene of the accident before anyone else; she administered first aid to the injured parties.

Fahy's ambulance responded to the call, and they removed the patients to the hospital.

Mrs. Cook and the children were returning from New Orleans where they had visited her sister and young son.

L & N Passenger Agent Addresses Rotary Meet Wed.

Clarke L. Shumaker, traveling passenger agent for the Louisville and Nashville Railroad Company addressed the Bay St. Louis Rotary Club at Hotel Reed Wednesday.

The speaker told his hearers the L. & N. Railroad is celebrating its 100th birthday this year and said "From a pioneering venture in 1850 to the present time we have grown into one of the major class one railroads in the country."

SOUTHERN INSTITUTION IN BAD SHAPE

Mr. Shumaker said the L. & N. R. R. is an institution of the south, and it has been a citizen of the 13 states into which its lines extend. He continued "because of its aid in helping to develop the great natural resources of the territory it serves, its constructive policies and its economical operations, it is regarded as one of the most substantial railroads in the country."

The railroad has never been in the red and, according to the speaker, throughout its corporate existence it has always been able to weather the financial storm, has not changed its corporate name, and is one of the few railroads in the country never in receivership.

MEETS OBLIGATIONS

"It has always met its obligations to the public, paid every dollar to its workers, its creditors, and its stockholders, and with few exceptions has regularly declared dividends to its stockholders since 1864" Mr. Shumaker said.

Mr. Shumaker said that contrary to public opinion, rail travel is cheaper today than it was 30 years ago. It was a coach fare of 2 1/2 cents per mile and a first class fare of 3 1/2 cents per mile as contrasted with the 3 and 6 1/2 cents fare of thirty years ago.

CITES FAIRES

He cited certain fares from here to New York and others less than 30 years ago and said "I cannot recall anything else that sells for less than it did 30 years ago."

One of the questions most frequently asked him, the speaker said, is why the Hummingbird does not stop at Bay St. Louis? "This is my answer," he continued. "In 1946 when the Hummingbird schedule was set up, our running time between New Orleans and Cincinnati, a distance of 922 miles was approximately 23 hours. To meet competition it was necessary to eliminate as many stops as service available to all. The possible, and yet make this fast Hummingbird between New Orleans and Cincinnati makes only 9 scheduled stops and 4 conditional stops enabling us to cut the running time from 23 hours to 19 hours."

OVERCROWDED COACHES

In explaining the difficulty with over crowded coaches on train 37—The Crescent—he said this had been brought about by train 37 being scheduled to pass

The Mayor and Commission Council at their meeting Monday September 25, 1950, passed a resolution on the motion of Commissioner Ladner and seconded by Commissioner Glover, that an emergency be declared in the water system of the City of Bay St. Louis. They stated that necessary improvements should be made immediately in order to preserve and protect the public health of the community; and that immediate steps should be taken to replace such interior water pipes and mains as presently exist, and put in such new mains as necessary to properly furnish the public with water.

The resolution, also provides for drilling of a new well for the Cedar Point Section of the City, and for the repair and replacement of water pumps and motors.

INCLUDE 3 MILL LEVY

The present water system is in bad shape, and the present revenue is not sufficient for the purpose of rehabilitating the system. Under an act of the legislature of 1950, the City may levy a tax for their waterworks system if an emergency is declared by the council. That there is an emergency in this situation in Bay St. Louis cannot be doubted.

UNDER RESOLUTION ADOPTED

Under the resolution adopted, the Council will include in their tax levy three mills for the purpose of rebuilding and for making a comprehensive survey of the needs of the water works system.

We are informed that the addition of the three mill levy for water works, will not increase the total tax levy for the coming year over that of the past year; in fact, the levy will be one-half mill less.

Mayor Launches Freedom Crusade Monday, Sept. 25

Mayor Warren Carver, local chairman, launched the Crusade for Freedom drive in Bay St. Louis, Monday, September 25, when a group of citizens met to formulate plans for observing the Crusade for Freedom Week.

By a proclamation from Governor Fielding L. Wright, October 1 to 7 has been designated for this purpose. Local committees of volunteer citizens have been set up to obtain the signature of every freedom-loving Mississippian on the Freedom Scrolls containing the Declaration of Independence.

The purpose of the Crusade is to offer every American an opportunity to play a personal part in a great moral crusade for freedom, faith and peace throughout the world.

NATIONWIDE MOVEMENT

The Crusade for Freedom is a nationwide movement which offers Americans an opportunity to participate in a campaign "to demonstrate before all the world our true aims of freedom and friendships for all peoples."

Enrollment in the Crusade will enable individual Americans both to express their faith in a world of human liberty and support the vigorous private effort now made to bring a message of truth and encouragement to the millions of people held under Communist rule.

DEDICATE FREEDOM BELL

These objectives will be dramatized October 24 when a giant ten ton Freedom Bell will be dedicated in Berlin. Inscribed on the bell will be a paraphrase from Lincoln: "That this world, under God, shall have a new birth of freedom." Every signature on the Freedom Scrolls will be permanently enshrined in the base of the Bell.

Residents of Bay St. Louis and every town in the state will be invited to back up their signatures with contributions to Radio Free Europe, the citizen-supported radio station in Western Germany which is daily answering Communist lies with the truth about democracy.

The National Chairman of the Crusade for Freedom is General Lucius D. Clay, former military governor of Berlin; and Rex I. Brown of Jackson is chairman for Mississippi. Mayors of each Mississippi municipality are serving as local chairmen.

The meetings are generally held in Jackson, but this month they were invited by the local organization to convene here.

Representatives from Clarksdale, Hollandale, Clinton McComb, Laurel, Taylorsville, Lucedale, Carthage and other points, were in attendance and were taken to lunch at the Reed hotel at 1 p. m.

A regular business meeting was held in the morning.

train number one, the Azalean left south of Bay St. Louis. Conductors he said, were instructed not to let coach passengers board 37 in excess of seating capacity. This has resulted in dissatisfaction.

"This condition, I am happy to say," has been eliminated with the change of schedule of September 25. Train Number one is now scheduled to run ahead of train No. 37 into New Orleans.

Coast Electric Moves Forward Holds Open House Friday

More than a thousand visitors including many from Alabama, Mississippi, Tennessee and Louisiana thronged the Coast Electric Association's new headquarters building, when open house was held from 2 to 9 P. M., Friday September 22.

Flowers from friends and well

wishers, totaling more than forty baskets, adorned the rooms of the new building. At the close of the reception, these flowers were sent to the local churches to be used for their Sunday services.

BROADCAST FROM LOBBY

Two programs emanated from the lobby of the new building—

one by WGCM of Gulfport in the afternoon and the other by station WRJW, Piquette in the evening—with impromptu interviews of visitors; Dr. Fountain, President of the Association, T. D. Davis, Editor of Rural Electric News, visiting managers, and H. H. Shattuck, local manager.

Everyone who registered was given an opportunity to win the entrance prize; B. F. Morris of Gulfport was awarded the floor lamp, first prize. Miss Louvenia Bourgeois of Bay St. Louis won the second prize, an electric clock, and Mrs. E. E. Ireland, Bay St. Louis was presented the waffle iron.

From lace covered tables centered with punch bowls, Mrs. Charles M. Bannister, Miss Madge Allred, Mrs. William Watts and Mrs. H. H. Shattuck, alternated in pouring punch and serving cookies. All refreshments were prepared by Miss Loyette Webb,

Electro-Economist with the Coast Electric Association. Members of the Coast Electric staff greeted the visitors and showed them through the new, modern, air-conditioned building.

The things that impressed the people most, Shattuck said, were the attractive use of colors in the offices, and the demonstration of the kitchen and laundry.

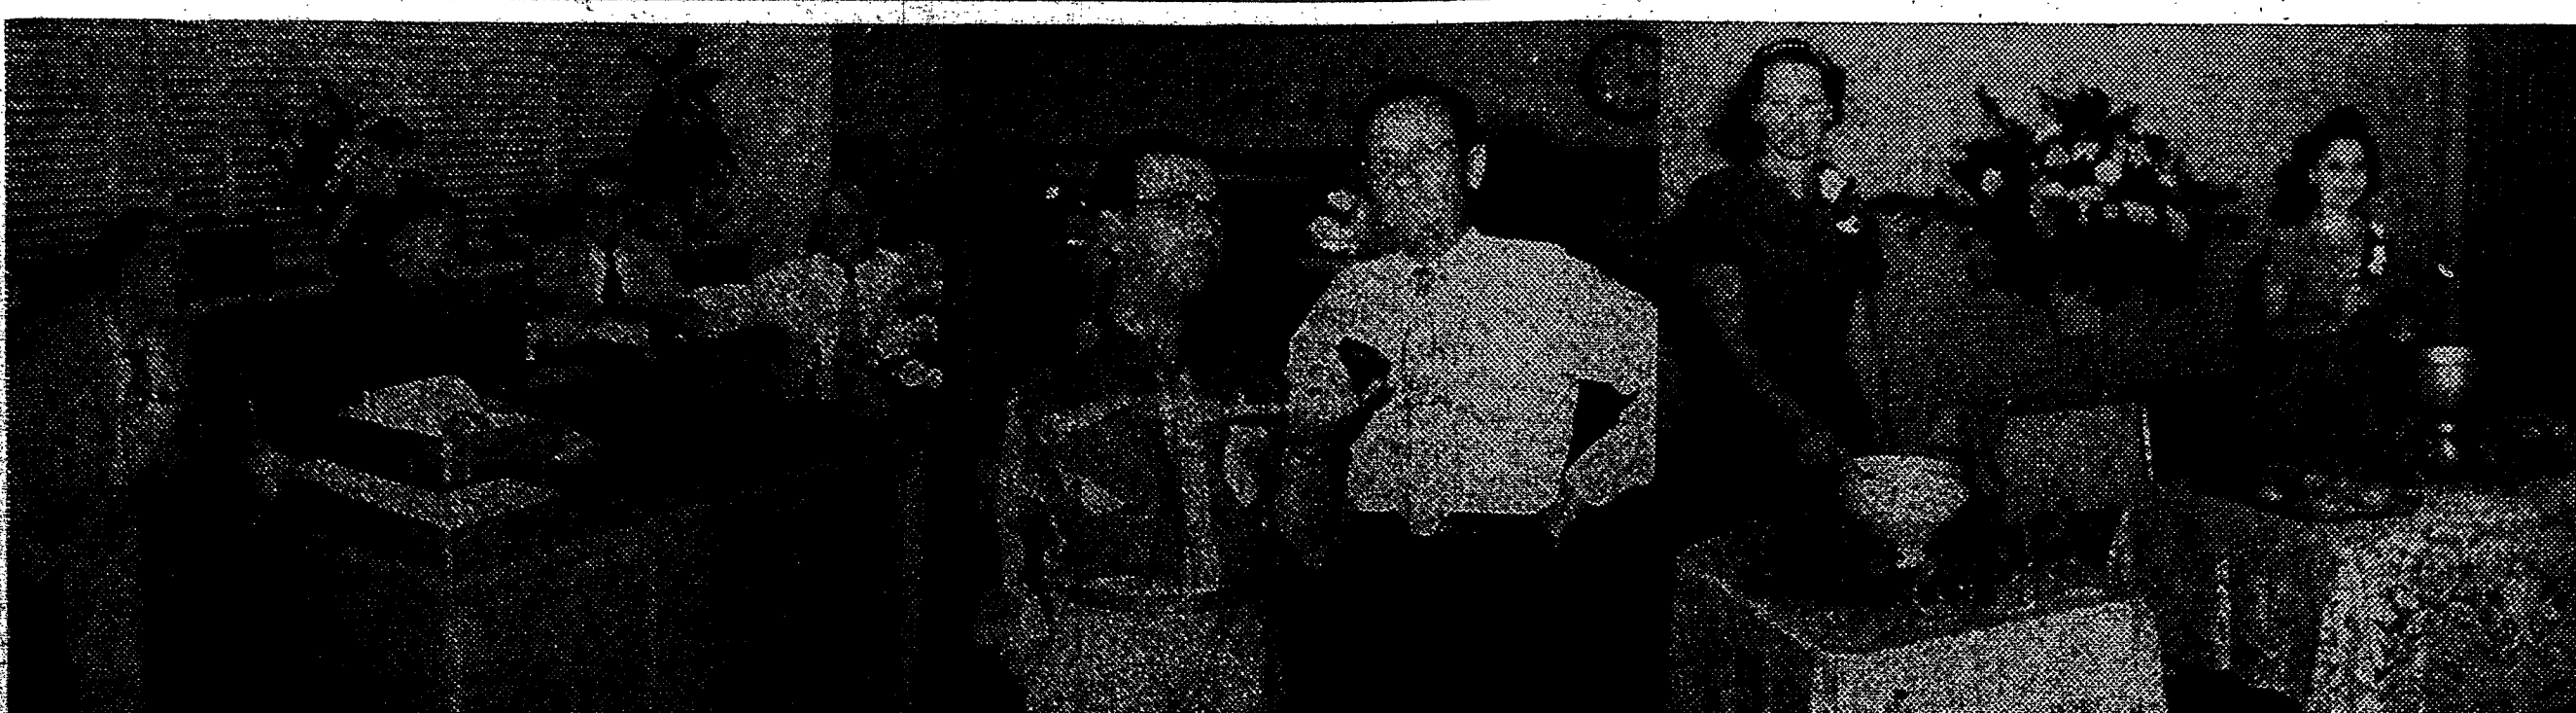

The floor space of the new domicile includes a long spacious meeting room which has in it the office of the Electro-Economist, the cashier's counter, a two-way radio and the modern kitchen. A folding door converts it into a private meeting room.

Saturday, September 23, the local co-ops was host to the managers of the Mississippi Rural Electrification Associations at their regular monthly meeting.

The meetings are generally held in Jackson, but this month they were invited by the local organization to convene here.

Representatives from Clarksdale, Hollandale, Clinton McComb, Laurel, Taylorsville, Lucedale, Carthage and other points, were in attendance and were taken to lunch at the Reed hotel at 1 p. m.

A regular business meeting was held in the morning.

Hardin H. Shattuck, second from left, the general manager of the Coast Electric passes cigars to Lawrence H. Dupont, Jr., of New Orleans and L. E. Waterbury of Montgomery, Alabama. H. M. Alford, R. E. A. field engineer, looks on. These men attended the Coast Electric open house Friday, September 22. In the center one of the radio announcers interviews T. D. Davis, manager of the statewide organization of Rural Electric Associations with offices in Jackson, and to the right, Mrs. William Watts, and Mrs. H. H. Shattuck, preside over the punch bowls.

New Water Works Will Save Money

The action of the Mayor and Commissioners in declaring the water work system an emergency is to be commended. Under the law a tax levy for the improvement of the waterworks system could not be levied unless an emergency existed. The system, as we well know, is in a run down condition and is in need of much attention. To become more cognizant of this fact, just look at your insurance rates.

The levy for the waterworks system will be three mills, as we understand it and even with this additional levy the total tax rate will be less than last year's. The tax money from this levy, plus the revenue from water rentals is to be used to put down another well in the Cedar Point section of the City, at an estimated cost of \$12,000.00. The balance of the funds are to be used for replacing rusted out pipe on the city lines, and to complete a survey with a view of the complete rebuilding of the entire system to eventually meet the requirements of the Mississippi Rating Bureau.

At first glance, the average person would say, "this means very little to us." Think again. If we are placed in class six, by the rating bureau, it will mean a reduction in insurance rates in an amount which would practically equal half of your taxes.

We are perfectly willing to pay a few pennies in tax money at the present time for the Mayor and Commission Council to make the necessary repairs and to have a comprehensive survey in their hands for the purpose of ascertaining the amount necessary to rebuild the waterworks system, which may eventually mean a saving in insurance premiums of many dollars.

It will take much money, of course, to rebuild the entire system. The revenue for the coming year will only be a drop in the bucket. The commissioners are hopeful of being able to complete the program without the issuance of revenue bonds; this may be possible if it does not reach too great a figure. Nevertheless, we feel that the people of Bay St. Louis would support the issuance of revenue bonds, to be retired by the revenue derived from water rentals, in order to complete the program to meet the requirements for a reduction in insurance rates.

Your city officials are on the right track. They will be able to take care of the more urgent needs at this time; and when the survey is completed, will be in a position to know what their actual needs are. They can then proceed to intelligently cope with the situation.

CARD OF THANKS

We wish to thank our many friends for the kindness and sympathy shown us during the illness and subsequent death of our beloved mother, Mrs. Maggie Ellis Bordages.

P. T. A. Has Largest Meet on Record

The Pass Christian public high school auditorium opened its doors Thursday evening to the largest gathering of the parent Teachers Association on record. The 1950-51 P. T. A. has reached an all time high in attendance and has attained the greatest membership in the history of its organization.

Civic leaders, parents and teachers showed every evidence of friendly cooperation and a determined effort to make the 1950-51 school year one of achievement.

The well thought out program, planned by Mrs. Bish Mathis, program chairman, was presented by E. A. Lang, acting as master of ceremonies and good will ambassador, for the evening. The program included a welcome to newcomers by Walters "Rip" Terrell.

Mr. Terrell said, "Our school is growing and will welcome approximately 50 new families who have enrolled their children with us this year."

Honorable Mayor Francis L. Hursey introduced Superintendent Frank L. French, who has been an educator in Pass Christian for 23 years. Mr. French proudly presented his faculty, giving a brief background of each teacher in a "Know Your School Effort."

The guest speaker of the evening was Donald DeMetz, who

quoted interesting figures and statistics as to school finances and classification. Mr. DeMetz's address revealed that this year's budget allowed an expenditure of \$134.00 for each student for the school year, which is equal to \$14.66 per month per child. Another fact brought out in Mr. DeMetz's speech, of which a number of citizens were not aware, was that the poll tax brings revenue into the public schools.

Mrs. E. A. Allen, P. T. A. president, congratulated members for the fine job that each of them is doing. Chairmen for the year are Mesdames Bish Mathis, program; Warren Adam, publicity; John DeMetz, membership; Edward Hamard, Health; William Kalif, Finance; and Donald Demetz, hospitality.

A musical interlude by Tom Bourdin closed the program, and an informal reception in honor of the faculty followed. The reception took place in the home economic department's dining room. The table was lovely with autumn floral arrangements.

Mrs. Donald DeMetz served as hostess with Mesdames W. F. Van Landingham, A. E. Waltman, Philip S. Pugh and William V. Robinson assisting. Mesdames Roy N. Haggerty and Wesley W. Lake presided at the punch bowls.

PASS PIRATES LOSE FIRST GAME

The Pass Christian football squad resumed practice Monday afternoon in preparation for tonight's game against Carriere high school. The game will be played on the Pass Hi Pirates home field with the Kick-off scheduled for 8:00 P. M.

In the first game of the season played last Friday Pass Hi lost out to Demonstration High of Hattiesburg by a score of 13-0. The game remained scoreless at the end of the first half but the invading team succeeded in running back a kick-off to some extent.

First T. D. The try for an extra point was successful. In the last quarter Demonstration crossed the goal line again, but the Pirates stopped the extra point cold. Coach Norman Hall's boys will

be taking the field tonight without their regular left end, Harold DeMetz, who sustained a broken leg in the first quarter of last week's game. Harold was taken from the field and rushed to Gulfport Memorial hospital by Dr. C. D. Taylor, team physician. X-rays showed the leg to be broken, and Harold was confined to the hospital Friday night. He was allowed to go home Saturday afternoon.

Probable starting line-up will be: left end, Bobby Parker; left tackle, Mac Winstead; left guard, Lavern Cuevas; center, James W. Taylor; right guard, Bob Waltman; right tackle, Lavern Cuevas; right end, Donald DeMetz; left half, Edwin; full back, Tracy Howell; right half, Gordon Scope.

Mayor and Aldermen Adopt Budget

The following budget for the 1950-51 fiscal year was adopted by the Mayor and Board of Aldermen at a special session meeting Friday, September 22:

The General funds budget was set at \$49,675; with the expenditures broken down as follows: supervision and finance, \$11,975; police department, 5,500; fire department, \$7,000; care and maintenance of streets and structures, \$23,500; and public and sanitation, \$5,000.

Anticipated revenues include: privilege licenses \$2,000; police fines, \$2,000; miscellaneous, \$9,663; and amount necessary to be raised by tax levy, \$32,655.07. A cash balance of \$3,356.93 was listed in the budget's general revenue fund for the beginning of the fiscal year.

Anticipated revenues in the public utility funds total \$16,454.57 including \$10,000 for water sales.

In the bond and interest retirement funds, anticipated revenue were listed at \$20,158.94 with proposed expenditures in the same amount for bond redemptions and interest.

The school budget, prepared by the board of trustees, had been approved at a previous meeting.

Present at the meeting were Mayor Francis J. Hursey, Aldermen Dayton L. Robinson, Robinson, Ralph L. Fournier, Ralph Gordon, Charles E. Wood; City Clerk P. S. Ambler and City Attorney E. J. Adam, Jr.

Circus Postponed Until Saturday

A special meeting of the Pass Christian Lions Club Board of directors was called for Thursday, September 21, by president Liddell Caffery.

The meeting was held in the home of Mr. Caffery, and dinner was served to the group by the host and Mrs. Caffery.

The business end of the Lion sponsored circus was discussed and tickets distributed for sale.

The regular bi-monthly meeting of the Lions was held at the Miramar hotel Monday evening.

The Kelly-Morris circus scheduled appearance in Pass Christian has been postponed to Saturday, September 30 due to inclement weather, making it impossible to present the show as previously planned Wednesday.

The circus plans to return to the Pass Saturday and put on the scheduled 2:00 P. M. matinee and an evening show at 8:00 o'clock, weather permitting.

The Pass Christian Lions Club, who is sponsoring the Circus, expressed their regrets at the unavoidable delay and urges everyone to cooperate with them and to come to the circus Saturday.

The Lions especially want to express their appreciation to Frank L. French, superintendent of the public school, and the members of the school board from the Pass, DeLisle and Pineville, for their whole hearted cooperation and efforts towards making the circus a success.

Enlists In Navy

Bill McDonald, Jr., son of Mr. and Mrs. William F. McDonald, of 131 Davis Avenue, enlisted in the U. S. Navy Tuesday, September 26.

Bill applied for enlistment last week, passed two written examinations in Gulfport and was called to New Orleans Tuesday morning for his physical. Upon completion of his examination he left immediately for San Diego, California, to take his boot training.

Bill is a graduate of Pass Christian high school and graduated from Perkins Junior College in the 1950 class last May.

DOUBLE CHRISTENING

A double christening was held Sunday morning at 11:00 o'clock at St. Paul's Catholic church with Rev. Father J. P. McGlade officiating.

Julia Faye Szymanski, infant daughter of Mr. and Mrs. Frankie Szymanski, was christened with Betty Joe Peralta and Frank Witmann, III, standing as Godparents.

Julia Faye was born September 9 at the Kings Daughters hospital in Bay St. Louis. She is the Szymanski's fourth child and third daughter.

Mrs. Szymanski is the former Edna Frances Kohn of this city. Mr. and Mrs. Forrest Anderson's infant son was christened Randolph Joseph Anderson. Mr. and Mrs. Lawson Schmidt stood as godmother and godfather of the baby.

Randolph was born September 12 at the Kings Daughters hospital. Mrs. Anderson is the former Agnes May Schmitt of the city.

Paul D. Saucier, 19, Dies In Vicksburg

Paul D. Saucier, a 19 year old high school student, passed away Tuesday at a Vicksburg Clinic where he had been a patient for about two weeks.

Paul was the son of Mr. and Mrs. D. Saucier and was born in Pass Christian July 23, 1932.

The Harrison County Health Department said young Saucier was sent to the Vicksburg Clinic September 14 as a polio suspect. However, the department said it was later advised that the case was diagnosed as not being polio.

Pass Echoes

Following the recent sale of their Henderson avenue property, Mr. and Mrs. John C. Ellis and son, John, Jr., have moved into one of Dr. Scott's houses in Henderson Point. They will reside there until their new brick home on West Beach boulevard is completed.

Mrs. Avery Allen, Jr., and her young son, Bobby, left Monday morning for Natchez, Mississippi, to spend a few weeks visiting her parents, Mr. and Mrs. J. L. Doyle.

Mrs. Jack Shook, of this city, has joined her husband in Washington, D. C. Mrs. Shook is the daughter of Mr. and Mrs. J. O. Davison.

Mrs. Marlin Sutherland has returned home following an extended visit in Henryetta, Oklahoma, with her parents, Mr. and Mrs. Thurman Morrison. Mrs. Morrison accompanied Mrs. Sutherland on her return trip and plans to spend a two weeks vacation in the Pass.

Mr. and Mrs. Kenneth Williams and children were called to Mr. Williams' home, Oakland City, Indiana, by the sudden death of his grandmother, Mrs. Hester Ferris. Born in 1862, she was a resident of Oakland City. She passed away Friday morning, September 22, and funeral services were held Sunday afternoon at 2:30. The Williams' left Friday night and motored to Indiana, returning home Tuesday morning.

LOGTOWN NEWS

Honor Mrs. Sweetser at Shower

By JAY METZ

A surprise bridal shower was held last Friday evening at the home of Mr. and Mrs. Alphonse Smith of Napoleon in honor of Mrs. Charles Sweetser. Mrs. Sweetser, daughter of Mr. and Mrs. Smith, was married last July 27. Many lovely gifts were presented to the young bride on an occasion she will remember for a long, long time.

Those present who helped make the evening a pleasant surprise were friends of the honoree from Napoleon, Logtown, and Pearlinton, Out-of-town guests were Mrs. Pearl Hovey, Mrs. Ollie Russ and Mr. and Mrs. Dana Murphy from Gulfport.

Mr. and Mrs. Ed Harriel spent the weekend at the home of Mr. Harriel's mother, Mrs. Henry Harriel, near Perkins.

DEMONSTRATION CLUB MEETS

The Home Demonstration Club, composed of members from Logtown, Pearlinton and Napoleon, met at the home of Mrs. Charles Metherne in Pearlinton Tuesday afternoon, September 26. The subject for the demonstration was "Lamp Shade Making." Demonstration and instruction was capably provided by Miss Madge Allred of Bay St. Louis, the Hancock County Home Demonstration Agent. Mrs. Ike Bennett is president of the local club.

Guests of Mr. and Mrs. Louis C. Bristow, Sr., of Pearlinton are Mrs. Bristow's brother and sister-in-law, Mr. and Mrs. Richard E. Bonson, and their son, Charles, of Eagle River, Wisconsin. The Bonsons arrived Sunday and plan to remain for approximately two weeks.

Reverend and Mrs. Wayne Barton and their son, Ricky, were Sunday dinner guests of Mrs. Nettie Mitchell.

ANNOUNCE ENGAGEMENT

Mr. and Mrs. J. P. Moran recently announced the engagement of their daughter, Miss Betty Moran, to Kenneth Parvin of Gulfport. A date for the wedding has not been announced. Mr. Parvin was a guest of the Morans this past Sunday.

MRS. G. KENNEDY DIES

The many friends of Mrs. Gladys Kennedy were saddened to learn of her sudden death Wednesday night, September 20, after a short illness.

She is survived by her husband, Richard Kennedy, and six young children. Funeral services were held from the home of Mr. and Mrs. Alphonse Smith of Napoleon, with interment in Turtleskin Cemetery.

J. P. Moran's aunt, Mrs. L. Cobb of Wiggins is convalescing at the home of Mr. and Mrs. Moran. Mrs. Cobb recently underwent a major operation.

CELEBRATES BIRTHDAY

Mrs. David Weston spent Thursday and Friday of last week at the home of her son, Clem W. Weston, of New Orleans. The occasion was to celebrate Mrs. Weston's birthday.

MCARTHUR INFANT DIES

The community was saddened Tuesday with the news of the death of the infant son of Mr. and Mrs. Wilbur McArthur.

The tiny baby, born prematurely last Saturday, September 23, was placed in an incubator at Martin's Sanatorium in Picayune but was unable to survive. Mrs. McArthur is the former Alma Thigpen.

Funeral services and burial were held Tuesday morning at Turtleskin Cemetery.

ON RADIO PROGRAM

A program of local interest over the Picayune radio station Tuesday was a discussion led by Miss Madge Allred, Hancock County Home Demonstration Agent, assisted by Mrs. Joe Howze, secretary of the local Demonstration Club. The discussion centered about the care of floors with wax.

RECEIVES SEVERE INJURIES

Roland Wilkinson is in Foundation Hospital in New Orleans recovering from severe injuries received as a result of an accident aboard a log litter last Friday, September 22.

Roland and his brother, Manny, were working together on the litter on the Pearl River when the winch got out of control and rapidly unwound. Knocked unconscious by a rotating steel bar, he was thrown into the river by the force of the blow. He was rescued by his brother and brought to shore. Roland who was taken to New Orleans for treatment of a fractured skull, is getting along as well as can be expected.

Mr. and Mrs. Herman Temple and family have just returned from a short visit with relatives of Mrs. Temple in Florida.

Mayor's Proclamation To the Citizens of Bay St. Louis: Greetings:

WHEREAS there are days when Americanism is facing its sternest test; and

WHEREAS Democracy, freedom, the dignity of the individual—all those ideals we hold dear are at stake, and

WHEREAS today we are fighting in Korea, that is a job for the soldier; and

WHEREAS there is another kind of fight, too—a war of words—a battle for men's minds. This is the war behind the war and in which every American can be a front-line soldier. And

WHEREAS the Crusade for Freedom is to counter the Communist Big Lie by demonstrating in dramatic fashion the BIG TRUTH that our goal is freedom and peace for all. And

WHEREAS as a symbol of this great Crusade for Freedom there has been cast in England a 10-ton Freedom Bell that will be installed in Berlin and dedicated on United Nations Day, October 24, and

WHEREAS there will be enshrined for all time in the Freedom Bell tower the Freedom Scrolls bearing the signatures of American citizens, dedicated to the cause of Liberty. And

WHEREAS that is the purpose of the Crusade for Freedom—to show that Americans are united for Freedom, and

WHEREAS Governor Fielding L. Wright has set aside the first week in October—October 1-7, 1950—as Crusade for Freedom Week in Mississippi.

WHEREAS as Mayor of Bay St. Louis I do hereby urge every citizen to have an individual and personal part in this Crusade for Freedom by signing one of the Freedom Scrolls—available locally—during the week of October 1-7 and help make our community as near one hundred percent as possible.

Respectfully,

Warren Carver
MAYOR.

NEWS OF OUR COLORED PEOPLE

Bay Panthers Gain Victory In First Basketball Game of Year at St. Rose

BY SENIOR CLASS OF ST. ROSE DE LIMA

On the 22nd of this month, the Rockets from Bay St. Louis met the Keester Field Flyers in a thrilling game which kept the crowd on pins and needles. The score at the first half was 8 to 6, giving the Rockets the lead. With plenty of pass work and keen shooting, the Rockets defeated the Flyers. After a 20 minute intermission the St. Rose Panthers challenged the Rockets. The Panthers, who were slick and fast as lightning, led the Rockets in the first half of the ball game by a score of 32 to 28.

In the second half the Rockets came back to the ball with plenty of energy giving the Panthers all the trouble they could, making points from one angle of the court to another. But that was not enough to defeat the smart playing Panthers who seemed to outwit the Rockets in every move they made. After real fighting and hard thinking, the Panthers defeated the Rockets with a score of 50-38. The crowd was enthusiastic over this great defeat. The Panthers will meet the Rockets again in the future.

Melvin Altimus Jr., left Wednesday the 27th on his vacation. He is planning to see a baseball game between the Cleveland Indians and Detroit Tigers and one between the Michigan and Dartmouth football teams. He will also visit Chicago, Canada, and Ann Arbor, Michigan.

Mrs. Bertha Curry Favre spent several days with her mother, Mrs. Celestine, who is ill. We wish her a speedy recovery.

HARVEST BALL
The ninth and tenth grade classes of V. C. J. School will sponsor a Harvest Ball, Friday night, October 6th, 1950. Blue jeans and plaid shirts will make a nice attire. Everyone is invited.

Miss Josie Mae Williams, of St. Rose de Lima High School, who spent a week in the Charity Hospital after having an operation, is now back in school and is doing nicely.

Mr. and Mrs. Lee Daniel Spearman spent Sunday with their mother, Mrs. E. Fairconure.

Ernest Fairconure, Jr. of Phil, Pennsylvania, son of Mr. and Mrs. Ernest Fairconure, was called in the Navy reserve for active duty.

On Monday evening, September 25, Mrs. Octavie McKay and Mrs. Augustine Williams were entertained by Mr. and Mrs. William W. Scutching, Jr. and son.

Federal Insurance To Cover Savings In The Homestead

The Peoples Federal Savings and Loan Association of Bay St. Louis announced today that effective immediately, federal insurance coverage will be provided on all savings accounts up to \$10,000. The previous maximum coverage was \$5,000.

Joseph O. Mauffray, president of the association, said the increased coverage follows the signing into law by President Truman of legislation boosting insurance protection for associations with savings accounts insured by the Federal Savings and Loan Insurance Corporation.

BEARS COST OF PROTECTION
"Our Association will bear all the cost of protection for our customers," said Mr. Mauffray, "and the new law affords us the opportunity of securing a safeguard for the funds of our savers."

He pointed out that the increased insurance coverage applies equally to all accounts held by an individual, two persons with right of survivorship, trusteeships, partnerships and corporations.

"We are especially pleased," stated Mr. Mauffray, "with the increased number of persons who have opened accounts with small amounts and have begun to build nice accounts by periodic additions."

ACCEPT INITIAL AMOUNTS
He stated that the association will accept initial amounts as low as \$5.00 to open an account.

It is expected that the number of persons with savings accounts over \$5,000 will rise steadily as the public becomes more and more familiar with provisions of the new law.

"This in turn will be of considerable value locally by enabling our Association to accept more applications for loans from those desiring to purchase, refinance, or remodel their homes," Mr. Mauffray concluded.

Calodrant In System To Help Detect Leaks

The Natural Gas Division of the City of Bay St. Louis has placed an over supply of calodrant in the gas system.

This calodrant is placed in the system so that a leak may be detected, as natural gas is odorless. When this odor is detected, please call 121, and report same to the Natural Gas Division.

Name State March of Dimes Chairman

New York, N. Y.—The appointment of Dr. Felix J. Underwood as Mississippi State Chairman of the 1951 March of Dimes, was made known today by Basil O'Connor, president of the National Foundation for Infantile Paralysis.

In his capacity as Mississippi State Chairman, Dr. Underwood will coordinate the activities of county and city March of Dimes campaign directors in his state.

Dr. Underwood has been head of the National Foundation's fund-raising appeal in Mississippi ever since the establishment of the polio fighting organization.

Widely known in the field of medicine and public health, Dr. Underwood is Executive Officer and Secretary of the Mississippi State Board of Health. Besides holding these posts, he is a member of the Advisory Council of the Children's Bureau of the National Commission on Children and Youth; a consultant to the Surgeon General, the chief of the Bureau of State Services and other Public Health Service officials.

Dr. Underwood is also consultant to the Public Health Service and the National Advisory Mental Health Council as a member of the Community Services Committee. He is a member of the Governing Council of the American Public Health Association, and of the National Foundation's Committee on Virus Research and Epidemiology.

Commenting upon Dr. Underwood's appointment as Mississippi State Chairman, National Foundation President Basil O'Connor said:

"Upon the success of the 1951 March of Dimes depends the future of many a youngster. The costs of carry-over patient care are tremendously high, and many of our boys and girls will require hospitalization for a long time to come. I feel certain that Dr. Underwood's efforts, with the cooperation of the citizens of Mississippi, will help assure the care and treatment of those who look to us for assistance when polio strikes."

Dr. Underwood resides at 1058 No. Congress Street, Jackson.

CLEMONT MOTHERS MEET

The Clemont Harbor Mothers Club Meeting will be held Thursday, October 5th in the Clemont Harbor School Auditorium.

Stanislaus To Meet State Contender

After a week's lay-off, due to a cancelled game, the St. Stanislaus Rocks journey to Bogalusa, Louisiana, to battle the always powerful Bogalusa Lumberjacks tonight.

The Lumberjacks although considered by many of the prep coaches in New Orleans not to be as strong as they were last year, still have a big and powerful team that rolled over Fortier 23 to 0, tied Easton 6 to 6 and last week defeated Jennings 12 to 7.

Having three games experience on the Rockchaws, together with the presence of two all-stars, Cliff Stringfellow at quarterback and Gary Dildy at center, in the lineup, the Lumberjacks should rule a several touchdown favorite over the Rock-A-Chaws.

The Stanislaus squad has been working hard for the past two

weeks and hope to be able to stay on the field with the Lumberjacks.

Only one serious injury is reported from the Rock's headquarters, first string left half, Hartwell Gex, broke his arm several weeks back and is the only man who will be out of uniform. Several charley-horses have been reported but all are expected to be in top shape for what the Rock squad and coaches have termed "their game of the year."

The following line-up will probably start for the Red and Black: L. E., Gabb; LT., Caruso; L. G. Palermo; C., Scaffidi; R. G. Luc; R. T. Burns; R. E. Lytle; Q. B., Holmes; L. H., Huvar; F. B., Rooney; and R. H., Heitzmann.

The Rocks leave the Bay at 2:30 Friday afternoon and will return after the game.

HUSBANDS RETURN

Dr. and Mrs. John D. Husband and their son, Jack, have returned from their summer vacation. Dr. Husband has resumed his work at Tulane University where he teaches English and Creative writing.

Dr. Husband spent the greater part of his summer at Yaddo, a colony for writers, where he had time to do quite a lot of writing. Mrs. Husband was with her family at Little Point Sable, and Jack attended a camp near by. Dr. Husband joined his family in Michigan for two weeks, before they all returned to Bay St. Louis.

—John L. Griffin, Jr., underwent an appendectomy Monday night at Gulfport Memorial hospital. John L., who is doing fine, expects to return to his home here Friday or Saturday.

—Mr. and Mrs. Roy Zerr have sold their home in Clermont Harbor and moved to Pass Christian where they will reside in the future. Mr. Zerr is Mrs. Alice Agregaard's brother.

OBSERVATIONS . . .

(Continued from first page)

We have commended the action of the Mayor and Commission Council on declaring the Waterworks system an emergency, and on their plan to make a survey of its needs, but we want to again remind them of a couple of other real needs for the benefit of the City . . . Of course, we like everyone else, realize the dire circumstances in which our present Officials found the City coffers when they took office. They have taken it in stride trying to squeeze the pennies in order to make it go around, and be able to pay off some of the obligations. . . Nevertheless, if we are able to move forward certain improvements must be made. . . Naturally everyone realizes the needs for streets; but our City Fathers should not overlook the need of a sewerage system.

This should come before the permanent construction of streets; and the other, and most urgent, is the need of an incinerator to burn the refuse and garbage. People have taken to even throwing the garbage on the side of the streets in the outer section of the city. The present garbage dumps are a breeding place for disease. The time is ripe for a survey for a sewerage system, and, as we understand it, the cost of this survey can be had from the federal government, to be repaid as and when the system may be put in. . . This is food for thought. If we are to go forward, it is time to plan. . .

HOSTESS AT TEA

Mrs. W. W. Carter was hostess at a tea at her home in Pass Christian Wednesday, September 20. Mrs. I. J. Boulet was cohostess.

The table was centered with chrysanthemums in the autumn shades of yellow and brown. The hostess and co-hostess wore white corsages.

Assisting in serving were Mrs. Ernest Allgeyer, Mrs. E. N. Spence, Mrs. C. D. Blair, Mrs. E. Carrere, Mrs. N. L. Carter, Mrs. Gerald Kennedy, Jr., Mrs. Harold Legear of New Orleans, and Mrs. Robert Morrison of Cut Off, Louisiana.

Call Meeting of Presidents of All Local Organizations

Mrs. Leo W. Seal, chairman of the Social Services of the Hancock County Chapter of the American Red Cross, has called a meeting of the presidents of all local organizations to be held at her home on North Beach, Wednesday, October 4.

The discussion will center around the renewal of the monthly party given by each organization for the veterans.

Anyone interested in Grey Lady work is invited to attend this meeting, and hear a representative of the Gulfport and Biloxi Veterans' hospitals explain this outstanding work. She will also speak on the orientation to be held October 11 and 12 at the Gulfport V. A. hospital.

An exchange of ideas, concerning the materials and subject matter for the coming year, was given.

Some water colors, done during the summer, were displayed by Mrs. F. Reindl and Mrs. Marguerite Backman. Mrs. Leigh Carroll also displayed some objects of art she collected in Mexico.

Letters were read from Mrs. J. L. Henderson concerning the trend of art in the Denver, Colorado, museums, and from Miss Elsie Clemens of Biloxi in regard to the lovely pictures she had seen in Paris. Mrs. Gladys Bartlett Jones displayed some designs for household decorations.

Mrs. Reindl served refreshments following the close of the meeting.

Those attending were Mrs. J. W. Hill, Jr., Mrs. Ola Moran, and Mrs. Jules Schroth of Clermont Harbor Mrs. Peg Boys, Mrs. L. Carroll, Mrs. Frank Reindl, Mrs. Marguerite Backman, Mrs. John Husband, Mrs. E. Yates and Mrs. Gertrude Saucier from Bay St. Louis and Mrs. Jo Ann Craft of Waveland.

Local Reserve Unit Has Not Been Alerted

"Malicious rumors have been spread throughout Bay St. Louis that the local U. S. Army Reserve Unit has been alerted for active service. These rumors are of course, not true, but they have caused a lot of unnecessary anxiety and worry, particularly among relatives of the unit," Captain Don McCulloch, commanding officer of Company B said.

"The unit may be called into service, we all know that," he continued "but at the present time there is absolutely no foundation for these stories."

Members of the unit would be notified personally by officers of the company or by 1st Sgt. Warren Carver, and a public announcement would be made in the event the unit received mobilization orders.

Captain McCulloch urged that every effort be made to stop these rumors wherever and whenever they are heard.

—Paul Gorhan of North Bay St. Louis is a patient at the Kings Daughters Hospital. During her husband's illness, Mrs. Gorhan is living at Hotel Reed.

R. Arnold Talks To Farm Bureau

Riley Arnold, Regional Farm Bureau worker, addressed a four county area Farm Bureau meeting held at the Gulfport Town House Wednesday night, September 20. He was introduced by Waldo O'Neil, president of the Stone County Farm Bureau and a director of the Mississippi Farm Bureau.

Mr. Arnold, a former Mississippi County Agent, has his headquarters at Auburn, Alabama; he works 16 southeastern states. Before going with the Farm Bureau, he was an Alabama County agent and district supervisor.

NEED REPRESENTATIVE
"The farmer needs a representative in Washington in the form of a good active organization, whether it be Farm Bureau or some other named group," Mr. Arnold stated. He said that at this time the Farm Bureau came nearest to filling the wishes and needs of the people.

"It is even more important now that the farmer be represented than ever before," he continued. In 1790, he added, approximately 90% of the population of the United States lived on farms; today only 18% actually live on farms and depend on it for their income. This puts the farmer in such a minority that he must have a good strong voice to let the senators and representatives know his wishes.

OWNS INSURANCE CO.
The Mississippi Farm Bureau owns and operates a life insurance company and a casualty insurance company; these services are open to members only and offers them a good saving in dollars. Mr. Arnold stated that the Mississippi Farm Bureau would soon be offering fire insurance policies.

Representatives, totaling 31, from Stone, Harrison, Hancock and Pearl River attended the supper meeting.

MEMBERSHIP DRIVE
The object of the meeting was to begin a membership drive in each county with a goal of 50,000 members of the state. Membership fees are \$5.00 a year; \$4.00 of this goes to the state and national organizations, and \$1.00 is retained by the county group. The first two weeks in October have been set aside for the drive.

Worldwide Communion Sunday to be Observed

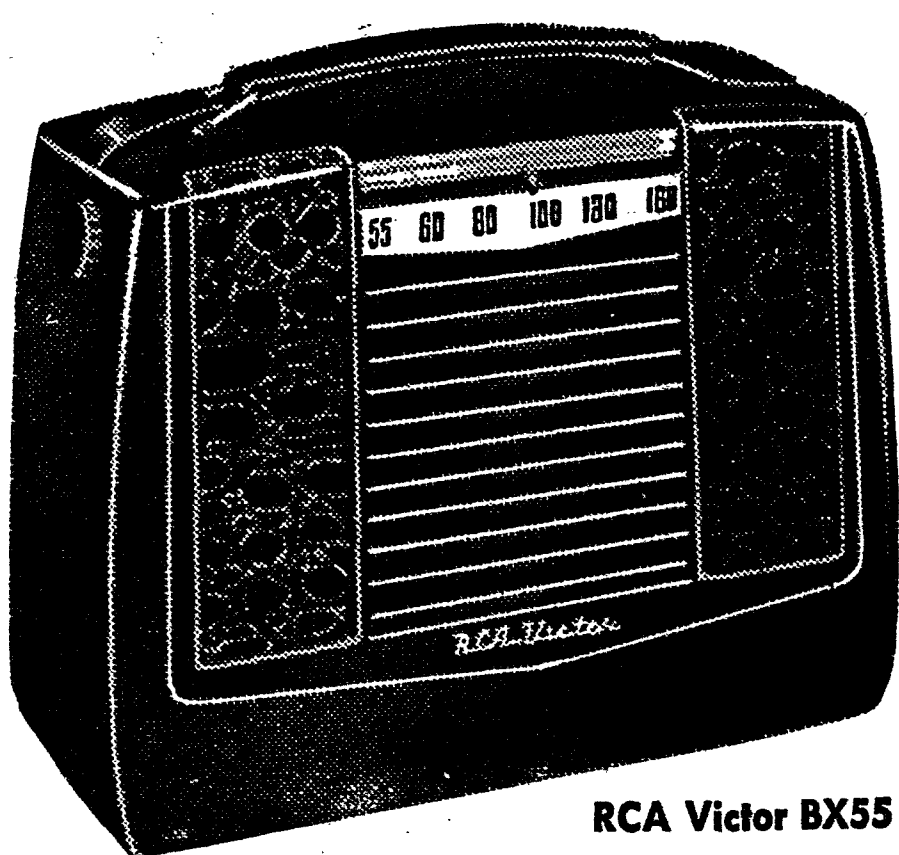

Worldwide Communion Sunday will be observed in the Main Street Methodist church October 1, Rev. H. Bufkin Oliver, pastor, announced.

Rev. Oliver will deliver the sermon at the 11 o'clock hour on "Why Are You Afraid?"

Laverne L. Garriga, son of Mr. and Mrs. Sidney Garriga, Route 1, Pass Christian, Mississippi, is stationed at Fort Lewis, Washington, with the 138th Engineer Pontoon Bridge Company.

Garriga was a member of the National Guard Company in Picayune alerted August 24 for Fort Lewis.

Southern Bell Co. seeks Permission For One Submarine Telephone Cable

Southern Bell Telephone and Telegraph Company, Jackson, has made application to the office of the district engineer in Mobile, for a permit for a submarine telephone cable crossing a navigable waterway in this district.

The waterway and location to be used is Bayou Portage, 40 feet downstream from the center line of the Delisle Road Bridge and extending downstream around the end of the fenders at channel, approximately 1.5 miles north of Pass Christian.

The work will include the construction of a submarine telephone cable to be laid on the river bottom approximately six feet below mean low water.

The plans may be seen at the office of the District Engineer, in Mobile. A copy of the plans will be forwarded upon request to anyone interested at a cost of fifty cents per sheet.

Any protest to be made against the proposed operations from the standpoint of navigation must be received at the engineer's office not later than October 5; otherwise, it will be considered that there is no objection.

The decision as to whether a permit will be issued must rest primarily upon the effect of the proposed work on navigation. The Corps of Engineers cannot undertake to judge confliction claims to property rights affected by the proposed work, O. L. Adams, chief of the operations division, stated.

—Mrs. Max Kohler has returned from a few days stay spent in New Orleans visiting relatives and friends.

Dove Season Opened September 16

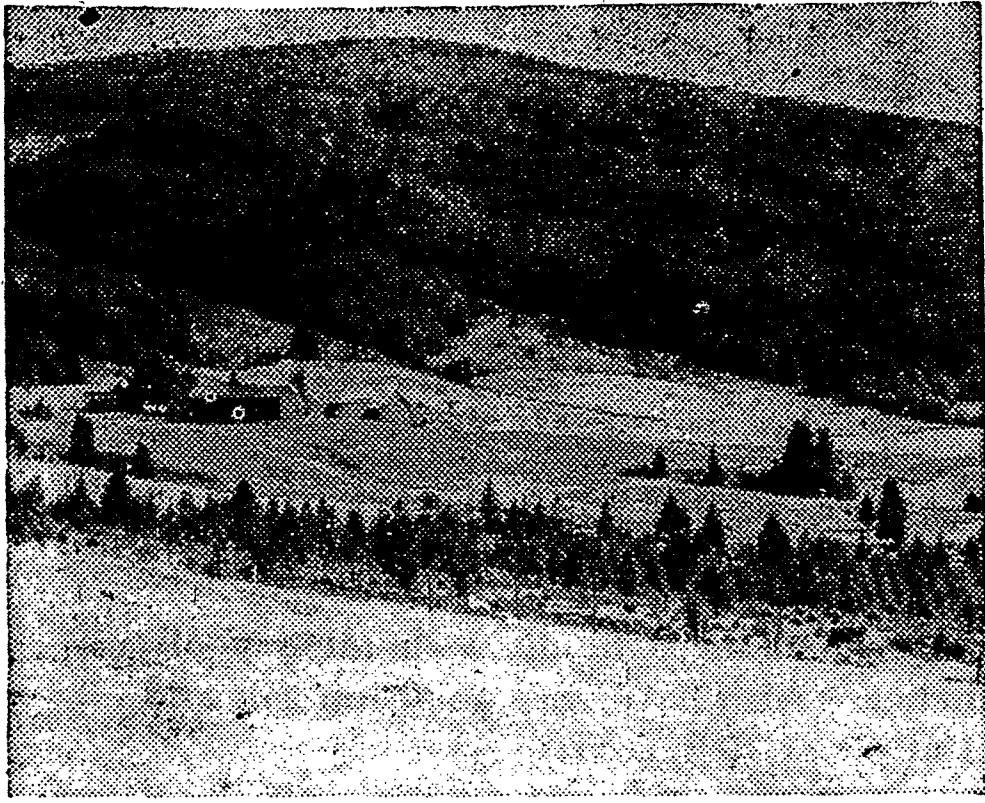

Jackson, Miss.—Mississippi dove hunters were permitted to legally hunt doves September 16, beginning at 12:00 noon. Bag limit was 10 per day and the possession limit was the same. Sunset was the closing hour for taking doves. Second season will be from January 1 to January 15, 1951.

"Mississippi dove hunters should feel proud of their state," said Director R. M. Freeman of the Game and Fish Commission. He quoted a directive from Al Day, Director of the U. S. Fish and Wildlife Service, in which Mr. Day said that dove season would remain closed in all of Alaska, Connecticut, Indiana, Iowa, Maine, Massachusetts, Michigan, Minne-

sota, New Hampshire, New Jersey, New York, North Dakota, Ohio, Puerto Rico, Rhode Island, South Dakota, Utah, Vermont, Washington, West Virginia, Wisconsin, and Wyoming, and in parts of Idaho and Montana.

Dove hunters are requested to send in any bands they find on the legs of doves they kill. They should be sent either to the Game and Fish Commission, Box 451, Jackson, Miss., or to the Fish and Wildlife Service, Washington, D. C. Mississippi, in cooperation with other states in this area, has been conducting a study of doves to determine their breeding places, nesting sites, migration routes, etc. These bands will be of great help in this study.

Effective Erosion Control Goal of Forestry Program

(Brown Co.—AP photo)

Rapid run-off from rain and melting snow will cause no serious erosion problems here. Trees are soil protectors.

Erosion control begins at the tree roots. That is why three industry-sponsored movements, now breathing new life into America's forest future, mean much to soil conservationists everywhere.

Keep America Green, the American Tree Farm System and More Trees for America, all sponsored nationally by American Forest Products Industries, Inc., of Washington, D. C. are dedicated to the principle of protecting and producing trees for use. Together these programs spell better erosion control.

The dictionary defines erosion as the wearing away of soil by water. Erosion's effects are evident everywhere—muddy rivers swelling up over their banks, hillsides etched deep with ditches, busy dredges sucking silt from harbor bottoms. Erosion's inroads in the topsoil of the United States, on which 150 million Americans rely for food and fabric, have been severe.

Nature's chief instruments in erosion control are trees and grasses. Their network of spreading, tangled roots binds loose topsoil, holding it firm against tearing onslaughts of water. Overhead, tree boughs provide shade that regulates the

melting of accumulated winter snow.

Modern man faces the difficult task of maintaining nature's effective bulwark against erosion while he harvests the trees and cultivates the grasslands to provide food, clothing and shelter necessary for existence. The task, while delicate, is by no means hopeless. Science, through developments in land and timber management, is proving that man can use the products of forest and prairie and at the same time control erosion.

The solution, from a forestry standpoint, lies in scientific logging, planned reforestation, adequate fire prevention and the planting of lands that once produced stands of timber. These activities now being carried out nationally under the banners of Keep America Green, the American Tree Farm System, and More Trees for America. Together these programs constitute the wood using industries' formula for continued forest abundance for Americans.

Whitten To Be Host at Statewide Meet CIVIL SERVICE

Hon. Jamie L. Whitten, Congressman of the 2nd District will be the keynote speaker at a statewide meeting of the friends of forestry in Jackson Friday, October 13th marking the 13th Annual Meeting of the Mississippi Forestry and Chemurgic Association and the celebration of the final selection and entertaining of Mississippi's Forest Queen.

The meeting has been planned as a part of the "Mississippi Forest Festival Week" and "Fire Prevention Week". Visitors to the Capitol City on October 13th will have a chance to see "Forestry on Parade" in the two mile long educational forestry parade scheduled to begin at 10:45 a.m. Beautiful floats, gracing majorettes and strutting High School Bands doing their best hits to place forestry on the front pages in Mississippi.

Selection of the "Mississippi's Forest Queen" will take place in front of the War Memorial Building with Governor Fielding L. Wright awarding the lucky girl the crown and official title of "Mississippi's Forest Queen". Non-members of the association as well as members are cordially invited to attend the luncheon scheduled for 1:00 p.m. Victory Room, Heidelberg Hotel. The Forest Queen and the four runners up will be the guest of the association and will receive special recognition and honors from the Jackson Jaycees and other sponsoring groups.

Those who plan to attend the luncheon should make reservations as soon as possible. Tickets to the luncheon are \$2.00 each and can be secured by writing to the Mississippi Forestry and Chemurgic Association, P. O. Box 1548, Jackson, Mississippi.

U. S. Army Offers Numerous Careers

For young men considering entering the military service in the near future, Sgt. B. B. Moore, U. S. Army and U. S. Air Force Recruiter, has stated that the recruiting service now offers a selection of six different branches of the Army in which men may enlist. "This is one way a man can go into service and have a choice as to the branch he serves in," the Sergeant added.

Besides these six different branches in which there is no limit to the number that can be enlisted, the Sergeant states there are a limited number of openings for those who wish to become paratroopers. These branches are open to men with or without prior service.

For Veterans of the Armed Forces there are a very limited number of openings in seven additional branches of the service. It was also stated that at the present there are seven divisions that are open for their former members if they desire to re-enlist. These include the 11th and 82nd Airborne Divisions and the 1st Cavalry Division; 2nd, 7th, 24 and 25th Infantry Divisions.

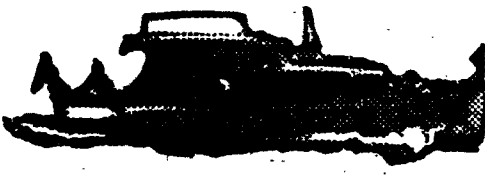

Sgt. Moore said, "It might be well to add that members of Enlisted Reserve Corps may enter the service in the grade they now hold in the Reserve."

Besides the different branches of the Army offered, there are men that may enlist in the Air Force this month, and for the openings for a limited number of women a few openings remain in the WAF and WAC.

In regard to the recruiting program the Sgt. stated the Officer Candidates School of both the Army and Air Force offers an opportunity for men and women to attain a commission status. Any civilian who enters OCS and fails for some reason to complete the course may, if they desire, be returned to civilian life.

Complete information on an enlistment in the Army or Air Force including pilot and navigator training, may be obtained at the Courthouse building, Bay St. Louis, Mississippi, every Wednesday.

You don't do this...

So...why do this?

If you toss a burning match into the woods, you're a fire bug, just as surely as though you had set fire to a house. Most of the houses in America today . . . and most of the houses of tomorrow . . . started as growing trees. Trees destroyed by forest fire don't build houses, or make paper, or the thousands of other products we make from wood. They don't create jobs or pay taxes. It's up to every one of us to prevent needless forest fires . . . for most of them were caused by us in careless moments. One blazing match can destroy thousands of growing trees.

Stone County Selects Forest Queen

Miss Lora Cuave, daughter of a Stone County farmer, was named Queen of the Forest for Stone County in ceremonies Tuesday before a group of Gulfport judges. Miss Cuave is the eighteen year old daughter of Mr. and Mrs. A. N. Cuave, Perkinston.

Her winning specifications were listed as follows: Weight, 116; height, five feet, four inches; eyes, brown; and hair, brown. She was sponsored by the Perkinston Home Demonstration club.

Judges for the contest, a preliminary phase of a statewide forest service competition set for next month, were Eddie Vann, assistant manager for station WCCM; and Mrs. Frank Russum. The judging took place in a special program that was recorded for broadcast Friday at 5:00 p. m.

Following the judging, the winner and four runners-up were guests of L. N. Dantzer Lumber Company at a luncheon at Friendship House. The contestants included Misses Thelma Smith, sponsored by Magnolia Community School; Joyce Batson, Wiggins Rotary Club; Polly Snalley, Home School, Big Level; and Cynthia Locke, Woman's Club, Wiggins.

The district finals, in which Miss Cuave will participate, will

be held September 30 at 7 p. m. at Hattiesburg, prior to the Mississippi Southern football game. The state finals will be held Friday, October 13, after the forestry parade at the State Fair, possibly another lucky day for Miss Cuave.

E. B. Livingston, assistant educational director of the state forest service, originated the idea of the county contests and the climaxing state competition. The district winner will receive a \$25 savings bond and the state winner a \$100 bond.

Arrangements for the Stone County contests were made by V. W. Loveless, area forest ranger for Stone and Harrison counties. All of the contestants are unmarried, 16-21 years of age and reside in a community of 2,500 persons or less.

The contestants wore corsages of slash pine boughs tied with forest green ribbons.

Ranger Loveless announced that the Harrison county contest is due to get underway within a few days, the date to be announced.

The contestants were conducted to the Coast by Mr. and Mrs. Loveless, C. M. Morgan, State Forest Service, and J. G. Guthrie, Illinois Central Railroad forester.

SOUTHERN BELL SEEKS FAIR RETURN ON STATE INVESTMENT

Jackson, Miss.—Faced with a backlog of applications for new lines and expansion of its rural program, the Southern Bell Telephone & Telegraph Company is seeking a rate increase sufficiently to provide a fair return on its property in Mississippi in order to attract investment of new capital to fill these needs.

The company, through T. E. Harris, its Mississippi manager, has filed an application for the new rates with the Public Service Commission and has requested an early hearing for presentation of evidence to support its position.

No set increase is asked in the petition, which shows present earnings are around 4 percent on the fair value of the company's property devoted to the public service in Mississippi.

"We are eager to go right on with our program to meet Mississippi's full needs for good, dependable and expanding telephone service," Mr. Harris said. "We want to fill the needs in the farm areas as well as in the cities and towns."

"But, to do these things, the company is faced with the job of raising additional large sums of capital at a time when earnings are too low to attract the capital. Thus, it is important to the continued development of Mississippi that earnings be adequate to attract capital in competition with other businesses."

Mr. Harris said Mississippi telephone rates in the overall have risen far less than the cost of living in general—only 32 percent on the average, compared with 72 1/2 percent increase in the cost of living. He said it can be seen from that situation that rate increases not only have been small when compared with the increase in the cost of other things the public buys.

He said since 1945, Southern Bell has built new facilities in Mississippi amounting to \$41,000,000 and now has under construction additional facilities in Mississippi at the rate of about \$9,000,000 annually.

Mr. Harris listed the following three main factors as being responsible for the fact that rates and earnings in Mississippi are not adequate:

"The investment Southern Bell must make in facilities to render good, improved and expanding service grows bigger every day. As an example, present Mississippi rates are based on Southern Bell's investment in the state on June 30, 1948, which averaged \$237 per telephone. Since that time, facilities have been added costing an average of \$477, or \$210 more than the present rates were designed to meet. This extra cost includes equipment to replace worn-out facilities in order to render continuing good service, as well as equipment to improve and expand service.

New Motion Picture Available For Showing Before Civic Group

A new documentary motion picture of the nation's oil industry, "24 Hours of Progress", has been produced and is available for showings before civic clubs, schools and other public groups in Mississippi, according to E. D. Kenna of Jackson, executive vice-president of the Mississippi-Alabama division of the Mid-Continent Oil and Gas Association.

The picture was produced for the Oil Industry Information Committee by Louis de Rochemont of Hollywood and "March of Time" fame. It features an inspiring commentary by Ralph Bellamy, stage, screen and radio star.

"24 Hours of Progress" tells the dramatic round-the-clock story of oil companies and oil men supplying the petroleum needs of 150 million Americans. It emphasizes the competition and progressive nature which spur the oil industry constantly, and the American system of free enterprise which makes it all possible.

Under the capable direction of de Rochemont, who produced such screen successes as "Lost Boundaries" and "The House on 92nd Street", the film examines all phases of the oil industry and shows how it contributes to the health, welfare, comfort and happiness of the American people twenty-four hours a day.

Mr. Kenna said that his association would be glad to furnish the film and an operator to any group desiring to see the picture. Requests should be directed to Mr. E. D. Kenna, Mid-Continent Oil and Gas Association, Edwards Hotel, Jackson, Mississippi.

"Southern Bell's day-to-day operating costs have continued upward since the present rates were set in April, 1949. Pension costs went up; social security tax rates increased; service rendered to the company by other suppliers advanced, and wage costs are going up further as the result of bargaining agreements in May, 1950."

"Rate increases authorized in April, 1949, were below needs, totaling about \$1,300,000 less gross annual revenue than the company sought and needed at that time. The single item of increased wage costs, made effective to Mississippi Southern Bell employees from 1939 through 1949, is adding \$5,800,000 a year to costs in the state. Annual revenue from rate adjustments authorized during this period are falling short by \$1,230,000 to cover this one cost increase alone."

Legion District To Meet Oct. 1

Jackson, Sept. 19.—Officials, members, and guests of American Legion Posts of the 17th Mississippi Legion District will meet in annual conference on October 1st in Biloxi.

The announcement came from Legion District Commander Leslie H. Pitts of Lucedale, who said that the conference would begin officially the yearly work of the several Posts in the District.

Slated to appear on the conference program will be Ralph M. Godwin, Jackson, state Commander of The American Legion of Mississippi.

In a special communication to District Commander Pitts, Godwin said that "... our agenda will contain issues of vital importance to both the Posts and the communities represented. I hope that you will extend an invitation to every Legionnaire and interested citizen in your area to be present."

Although not announced, the agenda was expected to contain a discussion of the organization's stand on the presently acute Korean situation and views on universal training which the Legion initially instituted.

Programs for the 1951 Legion year as well as the current membership campaign were known items for conference treatment.

Accompanying Godwin will be other Legion Department officials who will include Frank W. Chambers, Department Adjutant; Rowland B. Kennedy, Department Programs Director; and John R. Powell, Department Service Officer.

Oct. 24 Named United Nations' Day; Discover 800,000 Unknown Diabetics

By MISS MADGE ALLRED

October 24 has been named United Nations' Day. Women and girls, home demonstration clubs, 4H Clubs, church groups, schools and other groups and farm organizations have been called upon to take the lead in making United Nations flags and to see that they are displayed along with our Nation's flag at all meetings.

Every home demonstration agent is being supplied a kit with materials and instructions for making United Nations' flag. It is made of cotton material. The colors are blue and white. The size of the flag is 3 feet x 5 feet.

All home demonstration leaders will wish to see the flag properly displayed in the Home Demonstration office and to get busy with the community flag project to see that every community owns at least one United Nations flag and displays it properly with the National flag at all public occasions. These flags should be used in churches, schools and all club meetings.

The two flags properly mounted and displayed will be a splendid gift to the community from the Home Demonstration Club.

One purpose of the flag making project is to emphasize the high hope for peace for which the United Nations flag stands, and make people in every community familiar with the flag.

800,000 DIABETICS
Public health workers have always suspected that there were many cases of undetected and untreated diabetes in the country. How many, no one knew until a few years ago. Credit for establishing the widely accepted figure of 800,000 unknown diabetics is due the U. S. Public Health Service.

As a result of a careful survey and long investigation into diabetes, they were able to make the shocking estimate that for every four known cases, there may be three others undiscovered.

The physical symptoms of diabetes are quite obvious—obvious—that it may seem impos-

sible for a person to have the disease without knowing it. The symptoms—hunger, unquenchable thirst, loss of weight, fatigue and excessive urination—are easily recognized.

However, many diabetics have some of these symptoms in such a mild form that they are missed. Hunger, thirst, and excessive urination do not always mean that presence of diabetes.

A physician can make an accurate diagnosis because diabetes always produces two clues to its presence: sugar in the urine and high blood sugar reading. It would be rare for a diabetic not to show either one of these clues.

Once diabetes is discovered and treated with insulin and proper diet, the ravages of the disease are halted. Less than 25 years ago, before the discovery of insulin, little or nothing could be done for the diabetic. Today through insulin and modern medical knowledge, a diabetic can live a long and useful life.

For their own benefit, and that of their families, the 800,000 unknown diabetics ought surely to be discovered and brought under treatment.

Miss Fayard Improves

Miss Emma Fayard, who is a patient in Gulfport Memorial hospital, is said to be improving. She hopes to leave the hospital in about two weeks, but will be confined to a wheel chair for some time.

Miss Fayard, who fell at her home last Tuesday and broke her hip, will go to Norco, Louisiana, to stay with her niece, Mrs. W. J. Gaudin, upon leaving the hospital.

COUNTY AGENT'S NOTES
Blackhead Disease Can Be Controlled

By HOWARD SIMMONS

Blackhead disease, which is usually fatal to turkeys, may now be prevented, or controlled, if an outbreak starts, by a new drug purpose. This is another triumph of well organized research over disease, since the drug was discovered as part of a broad program aimed at the cure and re-

The blackhead parasite infects chickens and some other birds without noticeable harm, but in turkeys the parasite severely damages the liver. The parasite is found in bird droppings, therefore it can be transmitted to healthy birds by consumption of contaminated feed or drinking water. The unprotected parasite seldom lives longer than 24 hours because it is quite sensitive to heat, cold or dryness. It finds a convenient form of survival in fecal worm eggs which are also found in bird droppings. The eggs have a resistant shell and survive in the soil for a long period of time and so protect the blackhead parasite. In some sections of the country the soil is so badly infested that turkeys are on wire netting.

It will be apparent that good sanitary practices, to avoid feed or water contamination, are essential to control of blackhead. In addition young poult should be separated from adult turkeys and, of course, all turkeys should be kept away from chickens. Nutritional research has shown the value of good feed, fortified with vitamins, amino acids and other nutritional factors, in keeping birds healthy. However, disease may strike a flock despite the best of care and sanitation. In many ways, such as from a spar-

row or other wild bird, from soil on the farmer's shoes or from a truck traveling from one farm to another. But today, an attack of blackhead need not spell bankruptcy to the turkey farmer. He can add the new drug to the mash and have an effective medication for the disease, or he can feed a smaller quantity of the drug in a mash continuously to prevent outbreaks of blackhead.

To the chemist the new drug is 2-amino-5-nitrothiazole, but to the turkey farmer it is indeed a friend in time of need.

Senator LeBlanc Says South Has Great Industrial Future

Now Is the Time to Start Getting Somewhere, Says HADACOL Owner

Lafayette, La. (Sp.)—Senator Dudley J. LeBlanc, colorful owner of HADACOL, wants the South to sell its advantages to the nation just as he is selling HADACOL to the rest of the country.

The Senator spoke to about 500,000 people on his recent half million dollar good-will tour of 10 southern states. His theme was the fallacy of the South producing raw products, shipping them north for processing and then paying freight to bring the finished product back home.

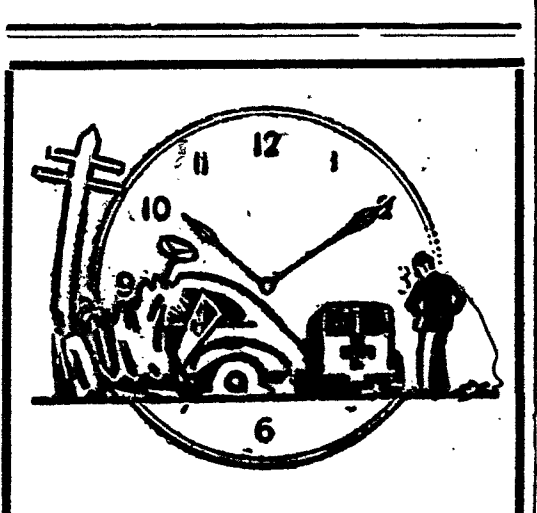

The Senator pulled his handkerchief out of his pocket waving it to crowds that ranged from 25,000 to 60,000. "This handkerchief was made from cotton grown in the South," he said. "The cotton was shipped to Massachusetts and made into this finished product. Then we in the South paid the freight on it back home where we grew the cotton."

"That mill in Massachusetts furnished employment to folks up there and paid taxes that created schools and improved their economy. Why couldn't those northern folks move factories down here and give employment to our folks? I tell you, they would if we sell them the wonderful advantages of the South just as we are selling HADACOL to the rest of the nation."

Senator LeBlanc is spending a great deal of money on colored and sound pictures of the HADACOL Good Will Show to display the advantages of southern industry. He plans to show these in theaters. He is also preparing an elaborate booklet to distribute throughout the north.

Senator Dudley J. LeBlanc
"I feel that when a firm has become as large as HADACOL that it owes it to its people to do more than sell just itself," said Senator LeBlanc.
Senator LeBlanc presented Mickey Rooney, Burns and Allen, Carmen Miranda, Connie Boswell, Roy Acuff, Ernest Tubb, Minnie Pearl, Sherry and His Dixieland Band, Frankie the Magician, and Marie Germain LeBlanc.
HADACOL is now selling at the rate of more than \$2,000,000 per month and the Senator is planning to increase sales to \$50,000,000 if he can obtain enough raw materials.

A Bumper Crop of Telephones on Mississippi Farms
Rural telephone service is growing as never before in Mississippi, bringing town and country closer together, to the business and social advantage of both.
More than 7,000 new rural telephones, involving expenditures of approximately \$1,350,000, have been installed in Mississippi so far this year. In the last 4 1/2 years, lines have been built to reach approximately 500 rural communities which had very little or no telephone service before. Mississippi now has 4 times as many Southern Bell rural telephones as there were at the beginning of 1946, and we are rapidly extending telephone service to more and more people in the rural areas.
These new rural telephones extend trading areas and promote progress and prosperity for farmers and townspeople, too. A farmer with a telephone is within easy reach of the supplies and services sold in town, and can keep in touch with the markets for his produce.
Yes, the rapid expansion of rural telephone service means a lot to all of Mississippi. The more we extend service into the rural areas the more valuable telephone service becomes to all.

Soil Conservation Law Copies Made Available

Clarksdale, Miss., September 29

Two thousand copies of the Soil Conservation Districts Law of Mississippi have recently been printed by the Newton County Soil Conservation District, and are being distributed to all Soil Conservation District Commissioners and other interested persons in the State, according to A. B. Adams, Clarksdale, President of the Mississippi Association of Soil Conservation District Commissioners.

Newton County Commissioners are Paul D. Measell, Union, Chairman; F. B. Gaines, Decatur, Secretary-Treasurer; and W. A. Gressett of Decatur, M. B. Simmons of Newton, and J. L. Hailey of Hickory, Commissioners.

"The Newton County District has had printed and distributed these copies of the Soil Conservation Districts Law as a public service," Mr. Adams pointed out. He added that provisions of the law had been in effect since April 4, 1938.

Anyone desiring to obtain a copy of the law can do so by writing to Paul D. Measell, Route 5, Union, Mississippi; or A. B. Adams, Box 576, Clarksdale, Mississippi.

Mrs. Margaret Ditto and son and daughter-in-law, Mr. and Mrs. Walter Ditto, of Des Moines, Iowa, are the guests of Mr. and Mrs. T. P. O'Meallie for a week. Mrs. Ditto is Mr. O'Meallie's sister; this is the first time they have seen each other in 25 years.

Mr. and Mrs. Robert E. Ruppel, with their children, Yolanda and Robert, Jr., entertained Mrs. Edward N. Parker of New Orleans at their home, "The Y. B. Y. Ranch." They caught a number of speckled trout and rat reds on their fishing trip.

The group also attended a party given for Mrs. M. J. Ruppel, Sr., on the occasion of her birthday. The guests were Mr. and Mrs. Joseph Ruppel and daughters, Carolyn and Jane, Mr. and Mrs. Robert E. Ruppel and son, Robert, Jr., and daughter Yolanda, Mrs. Edward N. Parker and M. J. Ruppel, Sr.

Mr. and Mrs. Paul Umbach are strutting around this week. They are telling everyone about the arrival of their first granddaughter, Muri Anna. She is the daughter of Mr. and Mrs. Melvin Stigge of New Orleans.

Among those enjoying an all day picnic at the home of Mr. and Mrs. Joe Quaid on the Beach were Mrs. Corine Gonzales, Mrs. Edward Gonzales, Miss Gwendolyn Gonzales and Mr. and Mrs. Lester Dufrechans and children.

Mr. and Mrs. Henry Necaize spent Sunday at the home of their son-in-law and daughter, Mr. and Mrs. Leo Dubuison, in Long Beach.

HOLD FIRE CONTROL COURSE

One week's intensive training in fire control for new personnel of the Mississippi Forest Service was held September 18-22 at Shelby State Park near Hattiesburg. It was announced by J. F. Smith, chief of Fire Control division of the service. Mr. Smith served as director of the school.

Registration and study began Monday morning and work came to a close Friday afternoon. While the school was primarily for a study of fire control methods, Mr. Smith explained that time was allotted during the week to the Forest Management and Information and Education divisions of the department to explain their program to the new rangers.

Mr. Smith explained that due to the nearness of the fire season and the need of knowledge by the new men on the use of mechanized equipment it was important that they become thoroughly familiar with situations that may confront them.

Mr. Smith's staff of instructors for the course included men from the various district offices.

Mr. and Mrs. Stewart Gam-mill of Jackson, Mississippi, are visiting their son-in-law and daughter, Mr. and Mrs. J. C. Strong.

Mr. and Mrs. F. G. Prat spent Monday in New Orleans. Mrs. Prat visited Mr. and Mrs. Stanley C. Stockton, who is at home recuperating from a recent illness. Mr. Prat attended a luncheon given by the Traffic Club in his honor. He was presented a silver card marking him an honorary life member.

From where I sit... by Joe Marsh

They're "Cleaning Up" In New York!

See where a couple of young fellows in New York City are making a nice business by keeping sidewalks clean in front of big hotels and department stores.

They go to work with a motor-driven broom and a detergent cleanser right after business hours. Make a cement sidewalk like new in five minutes flat!

Now our town doesn't really need such fancy sidewalk cleaning—still, somebody might do the same thing on a smaller scale. He'd make some pocket money, and the whole town would benefit.

From where I sit, anyone going into this business should see Andy, over at the Garden Tavern. Andy not only keeps his sidewalk clean, but he's in on the Self-Regulation Program sponsored by the Brewing Industry. Under this voluntary program retailers selling beer cooperate by keeping their places of business clean, bright and orderly. Andy's motto is "Look clean, feel clean, be clean!"
